EMERGENCY CALL BOX LOCATIONS

During the fall and spring semesters, Wichita State's main campus is a permit-only parking environment on weekdays when the University is open for business. WSU students, faculty, staff wishing to park on campus during the enforcement period must register online with the Shocker Parking Management System to park legally. The system features license plate recognition (LPR) technology and virtual permits called ePermits that eliminate the need for color-coded hangtags and stickers for parking enforcement. ePermits are required from 7 a.m.-5 p.m. Monday through Friday in lots with yellow, green and yellow-and-green-striped signage (with the exception of the RSC parking garage which requires ePermits 24/7). Please review the parking map to locate appropriate parking. Lots with red signage are reserved at all times. Parking at WSU West, WSU South and WSU Old Town does not require ePermits.
